*I/We understand that these are my **requests** for classes for my 2022-2023 schedule with acceptable electives. I/We understand that once a decision has been made and approved, **that decision on the part of the student is final; no schedule changes will be made** except in special circumstances AND with the approval of the principal. Schedule Requests will be made final at the end of March. Schedules will be made final in August before the first day of school.*

*Students who disagree with a prerequisite requirement or teacher recommendation, can fill out a **CHALLENGE form** (found online) and turn it into the Middle School Counselor. The High School staff will take all **CHALLENGE forms** into consideration when creating schedules.*

****This is a worksheet we hope you find helpful for planning purposes. This form should be turned into your child's counselor at the Middle School. All course requests will be entered directly into Infinite Campus by the students with the help of the student's Middle School Teachers, so it will be helpful if your child keeps a copy for themselves. A final copy of course requests will be given to students in March for verification.*

IGNITE STUDENTS: *If you plan to attend Ignite, we ask that you still complete THIS FORM! Once scheduling begins at IGNITE, your Ryle schedule will be disabled. Please note, if you do not attend IGNITE and attend Ryle and didn't complete Ryle's scheduling process, your choice of classes cannot be guaranteed.*
