

First Grade Unified Arts Newsletter

Goodridge Elementary

April 19, 2019

As we begin our ninth rotation of the Unified Arts schedule, we are working on lots of different and exciting concepts!

In Physical Education, 1st grade students will be learning about Heart Disease and what contributes to it. They will take part in activities that improve heart health like circuit training, yoga, and cooperative games.

In Library, 1st grade students will complete the animal research nonfiction book.

They will also learn about some different elements of poetry and begin creating some of their own.

In Stem Lab, 1st grade is continuing to learn and refine their work with the Engineering Process through explorations with sound and light!

In Spanish, 1st grade will be learning a new song called Los pollitos dicen pio pio. We will also be learning about other springtime animals and vocabulary.

In Art, we will be exploring the art of repurposing and upcycling. We will explore using recycled magazines, newspapers, cardboard and plastic containers as our starting point for creating. Please feel free to donate cardboard boxes, paper towel/toilet paper tubes and cleaned out plastic containers for our projects!

In Music, students will be learning about solfege and singing So and Mi. We will also be talking about how all instruments have a specific "Timbre" or sound.
