

Kindergarten Unified Arts Newsletter

Goodridge Elementary

April 19, 2019

As we begin our ninth rotation of the Unified Arts schedule, we are working on lots of different and exciting concepts!

In Physical Education, Kindergarten students will be learning about Heart Disease and what contributes to it. They will take part in activities that improve heart health like circuit training, yoga, and cooperative games.

In Library, Kindergarten students will continue working on story sequencing, nonfiction texts, and be introduced to some elements of poetry.

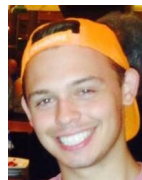

In Stem Lab, kindergarten is continuing to learn the Engineering Process through an activity that will have us creating a "sun safe" shelter for our coding mouse, Cheesy!

In Spanish, kindergarten will be learning a new song called Los pollitos dicen pio pio. We will also be learning about other springtime animals and vocabulary.

In Art, we will be exploring the art of repurposing and upcycling. We will explore using recycled magazines, newspapers, cardboard and plastic containers as our starting point for creating. Please feel free to donate cardboard boxes, paper towel/toilet paper tubes and cleaned out plastic containers for our projects!

In Music, students will be learning how in music we can have short sounds and long sounds. We will also be reacting to how sound can be high and sound and go low.
