

# Second Grade Unified Arts Newsletter

Goodridge Elementary

April 19, 2019

As we begin our ninth rotation of the Unified Arts schedule, we are working on lots of different and exciting concepts!

In Physical Education, 2nd grade students will be learning about Heart Disease and what contributes to it. They will take part in activities that improve heart health like circuit training, yoga, and cooperative games.

In Library, students will complete their nonfiction research book on various animals.

They will also be introduced to some different styles of poetry and will write some original poems of their own.

In Stem Lab, 2nd grade will be learning about slow and fast changes to our Earth (erosion, earthquakes), and how we can slow the effects of wind and water erosion as humans!

In Spanish, 2nd will be learning a new song called Los pollitos dicen pio pio. We will also be learning about other springtime animals and vocabulary.

In Art, we will be exploring the art of repurposing and upcycling. We will explore using recycled magazines, newspapers, cardboard and plastic containers as our starting point for creating. Please feel free to donate cardboard boxes, paper towel/toilet paper tubes and cleaned out plastic containers for our projects!

In Music, students will be learning how to sing on solfege from Do to La. We will also focus on how music can express different feelings based on its tempo and dynamics.
